A. Discuss Resolution 2023-003 Resolution of the City of Burlington, Colorado in Opposition to Statewide Land Use and Zoning Preemptions in Senate Bill 23-213

Keehne indicated Resolution 2023-03 expresses the City of Burlington's stance of opposition to Senate Bill 23-213, which takes away local control of zoning matters, regardless of home rule status. Keehne noted that if City Council approves proposed Resolution 2023-03, a copy would be forwarded to CML to help confirm to legislators the opposition of municipalities to Senate Bill 23-213.

B. Approve or deny Mayor Pro Tem's signature on Resolution 2023-03

Motion by Schultz and second from McNerney to approve Mayor Pro Tem's signature on Resolution 2023-03, a Resolution of the City of Burlington, Colorado in Opposition to Statewide Land Use and Zoning Preemptions in Senate Bill 23-213.

C. February financial report

Keehne reviewed the February financial report provided in the packet. There were no questions.

10. Reports from city departments

Reports were given from department managers present.

11. Council comments

Schultz wanted to start discussions with council about two separate issues. One was how the City addresses homelessness, and the other was thoughts about banning vaping and smoking on the playground equipment at the city parks or at least having designated smoking areas.

Velasco asked that when looking into a public relations position, could the City also look into different signage at City Hall to help people see public announcements. He suggested a digital sign or a community board accessible from the street that people could refer to if they don't use social media.

No action was taken, and no motions were made.

212. Adjournment

With a motion by McNerney, a second from Marciniak, and a unanimous vote, the meeting adjourned at 7:56 p.m.
